

Environmental Management Policy

Purpose: Zinsolar Engineering Sdn Bhd is committed to environmental sustainability in all aspects of our operations. This Environmental Management Policy outlines our dedication to minimizing our environmental impact while contributing to a sustainable future for our communities.

Scope: This policy applies to all Zinsolar Engineering employees, contractors, and stakeholders involved in our operations, projects, and activities.

Policy Statement: We are committed to:

1. **Compliance with Laws and Regulations:** Ensure adherence to all applicable environmental laws, regulations, and industry standards in Malaysia and beyond.
2. **Sustainable Resource Management:** Optimize the use of energy, water, and materials in our operations, promoting renewable resources wherever possible.
3. **Pollution Prevention:** Minimize emissions, discharges, and waste generation through innovative processes and environmentally friendly technologies.
4. **Climate Change Mitigation:** Implement measures to reduce greenhouse gas emissions and actively promote renewable energy solutions.
5. **Awareness and Training:** Educate employees, partners, and communities on environmental responsibilities and sustainable practices.
6. **Continuous Improvement:** Regularly review and enhance our environmental management systems and practices.
7. **Stakeholder Engagement:** Collaborate with stakeholders to promote sustainability across the supply chain and within the communities we serve.

Responsibilities:

- Management: Ensure effective implementation and monitoring of this policy.
- Employees: Act in accordance with this policy in their daily tasks and responsibilities.
- Contractors and Suppliers: Align with Zinsolar's environmental values and practices.

MUHAMMAD FIRDAUS BIN ISMAWI
CHIEF EXECUTIVE OFFICER
